CITIZENS' COMMITTEE  
MEETING ATTRACTS  
RECORD ATTENDANCE

Judge Brackett Is Among Speakers At Lively Meeting—Praises Heritage of Good Government In Arlington—Davis Announces Change In Policy of 10 Per Cent Pay Contribution From Laborers Getting Less Than \$15 A Week—Quincy Judge Is Guest Speaker

The Arlington Citizens' Committee held one of its largest meetings of the past few years at its headquarters, 1195 Mass. ave., last Tuesday evening. More than 150 members and friends were present. Earle C. Hopkins, Chairman of the Committee, presided and introduced several speakers.

Honorable John G. Brackett spoke on the heritage of good government that is Arlington's and expressed full confidence that through the work of such a Committee this heritage would be continued in the future. Ernest W. Davis, Chairman of the Finance Committee, spoke on the work of the Finance Committee and explained that the 10 per cent voluntary donations are not being asked from employees of the town of Arlington who receive less than \$15.00 per week so that men working only one or two days a week would suffer no hardship as was the case last year. Loren W. Marsh, candidate for Board of Public Works, and John D. O'Leary, candidate for Assessor, spoke briefly.

The guest speaker of the evening was Associate Judge Kenneth D. Johnson of the Quincy Court. Mr. Johnson is at present Chairman of the Finance Committee of Milton and a former member of the Board of Selectmen of that town. He spoke interestingly and at length on the evolution of representative government especially as it applies to towns.

In part he said, "Men have fought and died for the privilege to vote and yet we find today that many people are too indif-

Eggs, Coal,  
Apples For  
Local Needy

Three hundred dozen of eggs have been received by Clifford Cook, local welfare agent, for distribution to needy families. Distribution was started yesterday and welfare recipients received their allotment as they called at Mr. Cook's office for their weekly order of food.

In addition, two tons of salt pork have been received this week. This is in addition to two other tons of pork previously distributed by Mr. Cook. Local welfare recipients have also received 300 tons of coal purchased by the Federal Relief Administration for needy families. This coal has been distributed by three Arlington dealers from whom it was purchased by the government. A total of 260 bushels of apples, purchased by the government, has also been given out locally, according to Mr. Cook.

Everything must be accounted for by the local welfare office to the Emergency Relief Committee so the food and fuel are distributed to the most needy.

## Wilson Resigns

The resignation of John H. Wilson, as park commissioner, became known yesterday. Mr. Wilson, endorsed by the Citizens' Committee in the annual election last March, was elected for a three-year term.

Although it is now up to the board of selectmen and the two remaining members of the park commission to elect a successor to fill Mr. Wilson's vacancy, it is believed the office will not be filled because of the approaching March election.

FREDERICK W. HILL  
HEADS COMMITTEE  
FOR WELFARE DRIVE

Metropolitan districts outside Boston proper are thoroughly organized under the leadership of Mrs. A. Barr Comstock of Dedham, Massachusetts, and Robert Halliwell of Boston for the canvassing of towns north, south, east and west of Greater Boston in behalf of the Emergency Campaign of 1934 whose 110 participating agencies do a great deal of work in the course of a year which affects the populations of those towns. There will be no interference with current or anticipated drives for community chests and Mrs. Comstock is anxious that it be widely understood that the drive is being extended into these towns simply in proportion to demonstrable work which the social and philanthropic agencies do which affects

the welfare of their populations. Frederick W. Hill, is the Arlington committee chairman.

The Metropolitan Committee met at the Chamber of Commerce in Boston this week, with the speakers J. W. Farley, General Chairman of the Campaign; Mrs. John G. Palfrey, chairman of the Women's Division; Mrs. Comstock and Mr. Halliwell.

About 40 representatives of approximately 40 outlying communities were present, received final and concise instructions about methods of procedure, and the cards which list donors to former campaigns which are the guide to requests for help this year.

It is understood that there will be some inevitable questions about the necessity for giving within a town when members of the family are solicited under industry, finance or other groups in Boston. It is not intended to ask anyone to give in two places, or to withhold a community chest subscription to make one for the Emergency Campaign. The length to which the Emergency Campaign may go, in asking

Marriage of  
Local Officer  
Is Revealed

Another of Arlington's Finest has fallen victim of Dan Cupid. It became known yesterday that Police Officer Thomas Pigott, of 11 Russell street was married to Miss Hazel P. O'Brien, of 4 Park terrace, on last June 26. The ceremony took place in Milford, N. H., with Rev. Hiram Bruce officiating. The marriage was kept a secret. Mr. and Mrs. Walter Mower, of Billerica were attendants. The couple will make their home at 421 Summer street.

Junior Woman's  
Club Meets Monday

The Arlington Junior Woman's Club will meet next Monday, Jan. 15 in the Junior Library hall at 7:15 p. m. Mrs. Charles Hardy, whose talks are always delightfully interesting will tell the girls something about the best in new books. The girls who will usher at the Woman's Club Presidents' Day will be chosen at this meeting.

63 P.C. of Taxes  
Now Collected

The report of Edward A. Bailey Tax Collector on January 2, 1934, shows the following results:

Total of Assessors' Warrant for 1933  
Real Estate and Personal Taxes, \$1,915,500.  
Amount collected, \$1,213,834.  
Balance uncollected, \$701,675.  
These figures show 63.3 per cent of the taxes collected. One year ago 66 per cent of the taxes were settled.  
Taxes paid in December 1933, were \$78,000. In December 1932, taxes paid were \$95,000.

Marriage intentions were filed at the office of Town Clerk E. Caroline Pierce yesterday by Walter J. Davidson, of 28 Magnolia st., Arlington and Evelyn M. Lundberg, of 7 Temple st., Cambridge.

ARLINGTON'S CWA  
PROGRAM IS GIVEN  
"O. K." BY ENGINEERTwo-Way  
Radio For  
Police Soon

Chief of Police Archie F. Bullock in making out his budget for 1934 has asked for an appropriation to install two-way radio service in his department, so that men in police scout cars can communicate with headquarters while receiving messages from the Central station transmitter.

That Arlington will have this service, considered the most powerful agency ever introduced to fight crime, appears certain as experiments have been going on here for some time and two-way transmitting has proven to be successful.

The best test made thus far was Wednesday evening when Officer Al Zwink, who has been doing considerable experiments with two-way broadcasting and receiving, took his portable amateur station WHOM to the scene of the fire at the old Hicks mansion, 128 Pleasant street and from there, orders were issued by Chief Bullock to his men at headquarters and in police cruising cars via short wave broadcasting.

Griffin Is  
Candidate

Another candidate has entered the field for election next March with the announcement of Paul C. Griffin of 37 Phillips street who will run for Park Commissioner. Mr. Griffin, who has taken a most active part in town and state politics will seek a two-year term.

Fitzgerald Compliments Town Fathers and Gives  
One Hundred Percent Rating to Local Projects  
—All Records Checked and Laborers Interviewed—Over 350 Now On CWA Payroll In  
Arlington—Projects Carried Out Thus Far

John J. Fitzgerald, Chief Engineer of the State Civil Works Administration Board, complimented the Town of Arlington in an interview with Selectmen Arthur P. Wyman, Leonard Collins and George H. Lowe, Jr., at the State House this week. Mr. Fitzgerald said, "As a result of a report received from the Chief Inspector we have given Arlington a one hundred percent rating on Civil Works Administration projects." He further stated, "That it was a pleasant relief to find a municipality such as Arlington doing such a fine job where so much trouble is being experienced in other cities and towns throughout the Commonwealth."

At the present time there are three hundred fifty-two persons on the Civil Works Administration payroll in this town. They include an office force of eight people, eight timekeepers, one insurance investigator and three hundred twenty-five men who are working on the following projects:

Summer and Appleton sts. widening.  
Forest Park, cleaning brush.

Managing Editor  
ARTHUR J. MANSFIELD

News Editor  
L. ALBERT BRODEUR

Published every afternoon except Sundays and holidays by  
Arlington Daily News, Inc., at 793 Massachusetts Avenue, Arlington  
Entered as second class matter June 15, 1931, at the post office  
at Boston, Mass., under Act of March 3, 1879.

The News assumes no financial responsibility for typographical  
errors in advertisements, but will reprint that part of an advertise-  
ment in which an error occurs.

The Business office of the Arlington Daily News is open from  
8:00 a. m. to 6:00 p. m. daily (except on Sundays and holidays) for  
receiving news and advertising. Telephone Arlington 1304.

## CO-OPERATIVE BANKS OPPOSE LEGISLATION

A small percentage of the Co-operative banks of Massachusetts are opposed to the proposed legislation to provide a guarantee fund of from five to fifteen million dollars for the protection of shareholders.

Out of 277 Co-operative banks in this state 23 are listed in opposition to this legislation.

It is quite evident that all banks will provide a guarantee fund for their depositors, and it seems desirable, according to Walter Chamberlain, treasurer of the Arlington Co-operative Bank that the Co-operative banks fall in line with other banks in providing a guarantee fund during this emergency period.

We agree with Mr. Chamberlain that a permanent guarantee fund plan would tend to remove responsibility from bankers to some extent and might cause a tendency toward slackness. However to restore confidence in our entire banking system a guarantee fund for a few years, until business conditions improve considerably, seems to be very desirable.

## THE BOY SCOUT DRIVE

We have repeatedly emphasized the need of supporting character building agencies such as the Boy Scout Movement and the Advisory Committee of Sackem Council should be given every possible support in their drive for funds.

The cause is presented in today's News and the value of this work is well brought out in the following statement by President Roosevelt:

"The fact that one million two hundred sixty-two thousand men and boys were in 1932 members of the Boy Scouts of America is impressive testimony as to how vital a factor Scouting has become in the life of America.

"I firmly believe that the Boy Scout Movement represents a new era of moral force in America.

"I hope every possible effort will be made to avoid curtailment of all character building agencies during this difficult period. Surely our youth—the boy of Scout age—should not be handicapped because of the current conditions for which he is in no way responsible."

## THE SLAVE COMPLEX

There was a time not so long ago, when the average citizen believed that in addition to his unalienable right of life, liberty and the pursuit of happiness was added the right to earn a living.

Now, however, with about one fifth of our population unemployed, it is no longer possible to believe that jobs are a part of the natural order of things. The result is that fear has become the emotion of many employees,—fear of losing one's job, fear of reduced wages, fear of eventual destitution and want.

Everywhere one goes in business today this fear is evident. Employees defer to, even cringe before, their employers in a way they never did before. Many have ceased to hope for advancement, and are satisfied to keep what they have got.

This condition has doubtless been brought about largely by economic conditions and yet it has been nourished—unconsciously, perhaps—by the attitude of the employer.

It would be most unfair to suggest that American employers (except in rare cases) are consciously intimidating or exploiting their employees, but so far as labor is concerned this is a buyer's market.

Recovery seems now to be a matter of many small steps up a very long ladder. Every advance made by the employer must be shared by his employees. Only thus can employee morale be maintained. Only thus can public confidence be restored.

The employer has a definite responsibility in this matter. He should give his employees assurance, by word and deed, that he has their best interests at heart. He should treat them as friends and human beings.

If a man is to continue as a useful member of society he must possess the spirit of self respect and self reliance or he becomes nothing more than a machine. The ultimate end of all machines is the scrap heap.

The modern employer can no longer practice the old individualism. His activities are affected by too many interrelated forces.

If the employer wishes to dispel fear, bring back prosperity, he must take his employees along with him. He must realize that their welfare and his are closely woven together. In order to receive, he must first give.

## THE IMPOSSIBLE AGE

Parents with youngsters at the age of 15 to 17 can appreciate what we mean, they're too old to spank and too young to reason with.

The revolt against parents seems to be on, wise cracks, necking, cigarettes, unwillingness to take instruction of any kind from grown ups.

The father or mother who attempts to correct their children today runs the risk of losing their affection. Parents fume and fuss, but for the most part allow conditions to continue as they are. The attempt to be considered as "modern parents" prevents many from interfering in this landslide which is sweeping the young off their feet.

From the youngsters' viewpoint failure on the part of parents to permit them to indulge in the diversion and companionship of their friends is looked upon as narrowness.

This smashing of high standards among our young folks will continue if elders continue to tolerate it. There is altogether too much fawning sentimentalism in dealing with this problem. Let anyone dare say a word about our young people and a wave of protest rises declaring, "Our young people are as good as those of any other age."

Experience is a great teacher, youth and enthusiasm can accomplish wonders; youth guided by experience can give the world the joy and sunshine it so much needs, without the cheap and tawdry things that accompany purposeless living.

## THE NEWS OBSERVES

It is rumored that Luke Manning, prominent insurance man and active in Democratic circles will soon enter the race for selectman.

Empty store windows give a bad impression of the state of business in a town. The display of products of local manufacture or something of local interest until the store is let might help matters.

The year 1933 closed with conditions a little better than in 1932. General activity in business is bettered by 4 per cent over 1932 according to "Business Week."

Conditions are always favorable for good Advertising. Advertising is necessary in every business.

If the Administration continues to strengthen our faith in our banking system and will put emphasis upon efforts to build up general business 1934 should be a better business year.

What promises to be a very interesting series of meetings entitled "Significant Beginnings" was begun last Sunday at the First Baptist Church. The pastor of the church, Rev. G. D. Fearan is conducting the meetings and plans to make this a "Start the New Year Right" month in his church.

Henry E. Keenan is proudly exhibiting a very attractive billfold which was presented at the 50th anniversary celebration of the Massachusetts Accident Company. This billfold was presented to Mr. Keenan for securing the largest number of applications for health and accident insurance during anniversary week. Mr. Keenan credits Daily News advertising for much of his success.

Advertising—with its great pulling and boosting power—will do much to get any business out of the dumps.

There is no question but that the least expensive and most effective way to revive a business is by the right kind of advertising.

## Atwood Funeral Saturday

The funeral of William J. Atwood, prominent resident of Arlington and member of the Town Finance Committee for the past five years, who died suddenly at his home last Wednesday evening will be held tomorrow afternoon. Services will be conducted in the Trinity Baptist Church at 2 o'clock. Rev. Gordon E. Bigelow, of the church, will officiate and Rev. Otis W. Foye, of the Dorchester Temple Baptist church will offer the prayer. Burial will be in the Westwood cemetery.

Mr. Atwood came here from Somerville nine years ago and lived at 37 Varnum st. He was a highly respected member of the Trinity Baptist congregation and was active as a deacon of the church. He was a member of the Men's Baptist Social Union and the Masonic lodge of Somerville. Mr. Atwood was born in Jamaica Plain fifty-three years ago. He is survived by his wife and one sister, Mrs. Charles Howe, of Philadelphia.

## Hardy School P-T-A Has Monthly Meeting

The Hardy School Parent-Teacher Association held a meeting in the school hall last Tuesday evening. Mrs. Donald Marshall presided, and opened the meeting by reading a New Year's Message of Peace from Mrs. Kelsey, President of the Massachusetts Parent Teachers' Association. The guest speaker was Mrs. T. Grafton Abbott, who gave an interesting discussion on "Some Causes of School Failure" and other subjects relative to Child Guidance.

## Crosby School P-T-A Hears Talk On Movies

The Crosby Parent-Teacher meeting held Wednesday evening proved to be of unusual interest. Miss Dorothy Robinson gave three readings which were received with hearty applause. Mrs. Owen's talk on "Children and the Movies" might make parents think before allowing them to see the usual run of films. A few facts given: Every week in the United States 50 million people attend movies; 23 million under 18 years of age; 11 million under 11 years; and of this 11 million—8 million go alone! What do they see. Of 500 pictures released in 1930, 72 per cent were crime, sex and cheap romantic love, 9 per cent—war or mystery, making 81 per cent unfit. Not until parents stop box office receipts will better pictures be shown.

## Second Sermon of Series To Be Given Wednesday

The Pastor of the First Baptist Church, Rev. Grady Darling Fearan, is planning a January series on "Significant Beginnings". He plans to make this a "Start the New Year Right" Month in his church. The series will continue through Wednesday evenings as well as Sunday mornings.

Topics and dates are as follows: Wednesday evening, Jan. 10th, "Beginning of Great Nations", Egypt, Babylonia, Assyria, Israel, Greece, Rome, and the great nations of the present, how did they get started? Was God in the process? Where and how?

Sunday morning, Jan. 14th "All-Arington Pulpit Exchange Sunday". The pastor on this Sunday morning preaches at a neighboring church and a neighboring minister preaches for him. The series is continued on the following Wednesday evening.

Wednesday evening, Jan. 17th, "Beginnings of Great Religions". How much do we know of how the world got started with Buddhism, Zoroastrianism, Mohammedism, Judaism, Emperor Worship etc? What are the vital messages of each?

Sunday morning, Jan. 21st, "Beginnings of Great Christian Denominations". They are all around us, Methodists, Congregationalists, Presbyterians, Baptists, etc., etc. How did they come into existence? Are denominations doomed to pass away?

Wednesday evening, Jan. 24th, "Beginnings of Great Men". Ghandi, Lenin, Kagawa, Paul, each with his Damascus Experience, each with his Nemesis, and each with his goal. What may we learn from them? Sunday morning, January 28th, "Recent Beginnings". The world is teeming with them, grand, daring, dangerous, and splendid! What are they? What may they mean to future generations? What can we do about it?

The public is invited to the sermons of this series. The Wednesday evening sessions at 7.45 will be as vitally integrated in the developing stream of thought as the Sunday morning sessions at 10.30.

## Eagle Scout Rank Given To Four Boys

The award of Eagle Scout Rank, the highest step in the Boy Scout Program, was awarded Friday night to Gordon Anderson, Fred George Ralph Myerson, and Robert Teter of Troop 10 Calvary Methodist Church, Arlington, by Dr. Franklin P.

Hawkes, chairman of the Sackem Council Court of Honor. Scoutmaster Philip W. Alsen received a Scoutmaster's Key from Scout Commissioner John J. Vantura. These awards featured the fifth anniversary celebration by Troop 10. A scoutmaster's Key is given to a man who has served for five years as Scoutmaster of a Troop and who has completed a series of training courses in Scoutmastership including the Elements of Scoutmastership, the Principles of Scoutmastership, First Aid, and two other courses on leadership as well as having spent two weeks with his Troop in camp. Troop Committee members

were also suitably recognized by the presentation of Five Year Veteran pins to Wathen B. Henderson, Ellsworth Munro, and Assistant Scoutmaster Harold Burgess, and a pin for ten years service in Scouting to Troop Committeeman Minot Edwards. These awards were made by four Scouts who, during the past year, have completed four years of Scout service. Harold Clarke, Senior Patrol Leader, and Patrol Leaders George Hill, John Libby and Robert Horne.

A Star Scout Badge was presented to Walter Godfrey and Second Class pins to Robert Theall, Donald Robinson, Elmer Augustus, Lawrence Freeman and George Hobbs.

Charter for another year was presented to the Calvary Methodist Church by Warren J. Guild, a member of the Council Organization Committee.

Senior Scout Ralph Myerson opened the meeting with a welcome to guests including many parents, visiting Scout officials and members of the Church.

Three of the boys who were

awarded Eagle Scout honors at Calvary Methodist Church last Friday evening are newsboys employed by the Rogers Distributing Service and members of the crew which delivers the Arlington Daily News to every home in town on Friday. The boys are: Ralph Myerson, Gordon Anderson and Robert Teter.

## Rev. Mr. Mark To Give Bible Talks

Rev. John Nicol Mark of the First Parish will give the first of three Bible Talks at 10.30 a. m. on January 15 in the Ladies Parlor of the First Parish.

His topic will be "Understanding and Appreciating the

Prophets." Mr. Mark calls attention to the fact that large portions of the Bible are as yet undiscovered to most Christian people. This applies particularly to the books of the prophets which constitute about one-fourth of the Old Testament. These lectures are free and open to any who may wish to attend.

## SHIFT IS MADE TO KEEP ARLINGTON DRY; OTHER CHANGES

Action Follows Appointment of Full-Time Officer — Patrolman James Ryan, Formerly On Vice Squad, Back to Same Duty — Will Combat Threat of Kitchen Barroom and Speakeasies

After several months minus a vice squad, Arlington will again have this means of fighting liquor racketeers of all types as a result of action taken by Chief of Police Archie F. Bullock. In a police department shift which went into effect this week, Chief Bullock put the vice squad which he had done away with some time ago, back on the job again. Officer James Ryan who was formerly on the squad will again be doing this kind of work on the night shift. Officer William Colbert has been transferred from the radio patrol car to the vice squad and will work with Officer Ryan.

Other Shifts Made

Other shifts which went into effect yesterday were:

Patrolman Felix Lopez from the Warren street section to the Heights on the day shift.

Patrolman T. Arthur Nolan from the Heights to the East End, his beat covering from the Monument in Arlington Centre to the Cambridge line on the day shift.

Changes on the night shift which went into effect yesterday were as follows:

Patrolman Thomas Pigott to East Arlington.

Patrolman Millard T. Merritt to the beat covering from the high school to Forest street.

Patrolman C. Peabody to the radio patrol car.

Patrolman William Germain to the signal desk.

Patrolman William Lanigan to the Pleasant street route.

The latter was appointed full-time officer by the board of selectmen a few weeks ago at which time it was predicted that the move was made with the purpose of putting the vice squad back to work.

With the announcement that the vice squad will resume activities it is indicated that neither the selectmen nor Chief Bullock will allow the sale of hard liquor in this town and will fight bootleggers and kitchen barrooms to the finish.

Arlington recently voted "dry" and everything will be done to cater to the wish of the people. While it operated here before the vice squad was responsible for a number of successful raids on speakeasies.

## NEW PONTIAC GOES ON DISPLAY TOMORROW

The smart new Pontiac eight for 1934, larger, heavier, faster and more powerful than before, will go on display Saturday at the Arlington Buick company on Massachusetts avenue. It presents important motor refinements which improve fuel economy by 10 percent. In addition, it offers radical improvements in riding comfort and ease of control.

Cliff Miller and his salesmen had a pre-view of the new car at the Copley Plaza hotel in Boston a week ago.

The new motor, developing 84 brake horsepower—an increase of seven horsepower over the previous Pontiac—accelerates with silent, split-second pickup and attains an effortless road speed well above 80 miles per hour.

Pontiac's startling improvement in riding comfort, especially for rear seat passengers, is attributable largely to the independent "knee" suspension of the front wheels. Increase in wheelbase to 117 1/4 inches, increase in car weight to 3,480 pounds for the four-door sedan, increase to six inches in the diameter of the rib-tread tires, and use of longer, roomier, Fisher bodies, rubber-mounted on a new type, 270-pound, "K-Y" box girder frame of tremendous strength and rigidity, are other factors contributing toward Pontiac's new riding comfort.

The new type of front end springing permits marked security of steering control and abolishes "telegraphed" road shock. With the new Pontiac principle, each front wheel is attached to one end of a heavy crankshaft or "knee". The other end of the "knee" pivots into a massive sealed housing where its movements are controlled by extremely powerful dual coil springs and by two-way hydraulic shock absorbers. In steering, the entire assembly of wheel, "knee" and spring housing swivels as a unit about a king pin by which the assembly is attached to a short, heavy "dead axle" securely bolted to the frame. This rigid mounting holds the front wheels in unvarying relation to the chassis. In other words, it now becomes impossible for road shock to deflect the front wheels from the line in which the car is traveling. Such deflection, of course, was possible with the former conventional mounting of the front axle, flexibly attached through leaf springs to the frame.

In cars employing leaf springs, front and rear, it has been necessary to design much greater rigidity into the front springs than the rear. This was needed to prevent dangerous deflection of the front wheels when striking road irregularities. And un-

equal flexibility of front and rear springs resulted in unequal reaction to road bumps which caused a "pitching" motion felt particularly by rear seat passengers.

Factory engineers explain that Pontiac's marvelous riding qualities could be achieved only after the disadvantages of steering through front springs had been eliminated as outlined above. But with the wheel-"knee"-spring assembly rigidly attached to the frame, it became possible to employ the "softer" front springs. As a result, with front and rear springs of approximately equal resiliency, the conventional "pitching" tendency caused by unequal front and rear spring reaction has disappeared and the car maintains a horizontal plane as it rises and descends gently over road irregularities.

Elimination of the conventional front axle results also in a 60 percent reduction in unsprung weight, a disturbing factor in conventional cars. Pontiac's unsprung weight now is reduced to 100 pounds per front wheel.

Completely sealed in the steel housings, the dual springs and the two-way shock absorbers operate in a permanent bath of shock absorber oil which automatically lubricates all internal working parts and maintains indefinitely their new car functioning. Infrequent inspection of the oil level in the housings is the only attention required.

So effective is this new device that the Pontiac, even in deep gravel and on rough roads, gives the driver the sensation of steering on rails. Ease of steering is immeasurably increased, due to the fact that road shock is 100 per cent absorbed before it can reach the steering wheel. All steering movement is on roller bearings.

Big Bendix brakes, translating light pedal effort into powerful equalized braking force, add further to Pontiac's driving safety. The design is extremely simple and rugged. Two brake shoes in each of the four dirt and weather proof drums are actuated through a heavy cross shaft by four braided steel wire cables, any one of which is capable of sustaining the entire weight of the car. The cables slide in lubricated flexible metal conduits. The emergency brake lever operates all four of the service brakes. Pontiac meets the rigorous brake test required by French traffic authorities. In this test the brake cross shaft is sawed in two with a hack saw to simulate complete breakage of this important unit. It then is required that the car still retain sufficient braking power to stop within a reasonable distance. After being subjected to this test, the Pontiac still has four brakes. The left front and rear brakes still respond to the foot brake pedal, and the right front and rear to the emergency hand lever.

### Canadian Club To Have Old-Time Party And Play

Mrs. Frank P. Bennett, president, Mrs. Frederick S. Davis, treasurer, of State Federation, Mrs. David A. Westcott, president of City Federation, will be guests at an old fashioned party and play, under the direction of Mrs. W. Arnold Wray, assisted by Mrs. J. C. Nunn, Mrs. Helen K. MacCaffrey, Mrs. E. A. Telfer, Mrs. Marshall Terry, Miss Margaret Wray, Miss Charlotte Fitzgerald, Miss Helen O'Connor, leader of Revere Junior Women's Club, orchestra, Trumpet Solo, "Lost Chord" by Junior member at the evening meeting of the Women's Auxiliary to the Canadian Club of Boston, January 16, at the Y. W. C. A., 140 Clarendon st.

Mrs. Henry B. Estabrook, president, will receive with guests and officers, the new members. Mrs. Helen K. MacCaffrey is in charge of the reception, assisted by Mrs. E. A. Telfer and committee. Mrs. Henry B. Riley, Mrs. George H. Hopkins, flowers and decorations.

## RECENT THEATRE TO OBSERVE ANNIVERSARY

Five successful years under E. brought to Arlington theatre-M. Loew management will be celebrated by the Regent theatre with its Fifth Anniversary program beginning next Monday. Under the Loew ownership the

E. M. LOEW  
Head of Theatre Chain

theatre has made considerable headway and is now one of the most popular theatres in this section of the county.

William DeCroteau manager of the theatre since last May, has introduced several changes in policy which have helped make hundreds of new friends. The new manager has secured the best in motion pictures for Regent patrons, and has also

WILLIAM DECROTEAU  
Manager of Regent

smart musical comedy company has played to full houses at the Regent. For next week, Mr. DeCroteau has booked a program worthy of an anniversary celebration.

"Ann Vickers" will be shown next Monday and Tuesday. On Wednesday and Thursday, "Gold Diggers of Broadway" will be the chief attraction. The Daily News

## SELECTMEN ASK LOCAL SUPPORT OF NRA FOR FOUR MORE MONTHS

In a proclamation issued by the board of selectmen today, the people of Arlington were called upon to support the NRA for another four months. The proclamation follows:

President Roosevelt has decreed that the Blue Eagle shall continue to fly during the first four months of 1934.

It has been expected that all industry would be under permanent codes by this time, but the great amount of detail necessary to put these codes into effect leaves some 30 percent of the businesses of the country awaiting formulation of permanent codes.

The continuation of the President's Re-employment Agreement, and with it the display of the Blue Eagle for the next four months is, therefore, a necessity.

We particularly ask the assistance of the consumers who, from the beginning, have been the backbone of the N. R. A. program. Their pledge to favor concerns displaying the Blue Eagle has been the great power behind it.

This cooperation is much to be desired, and we hope the residents of the Town of Arlington will give this continued cooperation.

Selectmen of the Town of Arlington.

will carry more information on these Anniversary attractions tomorrow.

### Four Get Benefit From Insurance

It might be of interest to know that four people here in Arlington who had only made one payment on their Accident & Health Insurance policy have already called for claims.

These policies were issued by the office of Henry E. Keenan as a result of the recent ads in this paper. The names are not to be mentioned but the accidents have been reported in the papers. Last Sunday night on Pleasant st., Arlington a young man was hit by a hit-and-run driver and is now in the Symmes Hospital with expensive and painful injuries.

Another man, a member of our local fire department, was injured which required doctor's attention.

These bills have been paid by his insurance company. On a recent icy evening two cars were in collision at the corner of Mass. ave. and Highland ave., Arlington and one of the young men received an injury to his right leg; his doctor's bills and compensation for loss of time have been paid. On the same evening another man on his way home from work fell on the ice and caused injury to his hip. He is now receiving compensation. These people read the ad, then acted and are now well pleased with their decision.

Since 1841

## TODAY PONTIAC ANNOUNCES

**A BIGGER SMOOTHER, FASTER STRAIGHT 8**

featuring **KNEE-ACTION WHEELS**

and BENDIX BRAKES • K-Y FRAME • LARGER, FINER FISHER BODIES

LONGER WHEELBASE (117-INCH) • STARTERATOR • GAS-ELECTOR • CROSS-FLOW RADIATOR • FISHER

NO DRAFT VENTILATION

### GET A STRAIGHT EIGHT FOR YOUR MONEY!

**GET A STRAIGHT 8**

*because*

**1** You can get a big, roomy Pontiac Straight Eight at a price that is very little more than that of the very cheapest cars. The smart, new Fisher bodies are finer and more spacious. The improved Straight Eight engine gives you greater power, acceleration and speed—full 84 horsepower and a top speed of 82 actual miles an hour!

**2** Here is a car that gives you the inherent smoothness, the flexibility and the luxury of Straight Eight transportation at a price that compares favorably with the prices of many cars with less to offer in cylinders, performance and size. The big, roomy, new Pontiac, remember, is definitely in the low-price field!

**3** Last year's famous Pontiac was known as the Economy Straight Eight because its fuel costs were well in line with those of sixes. Today's Pontiac, thanks to further refinements in its Straight Eight engine, gives you more miles to the gallon by a good 10 per cent. A big, fast, powerful car with true economy!

**4** The trend today is toward Straight Eights. The Pontiac Straight Eight for 1934 will depreciate more slowly, and all evidence indicates a higher resale value "at the end of the road," just because it is a Straight Eight. Here then is another important reason why this great, new Pontiac is such a decidedly wise investment!

**5** If your present car will make the down payment on a car of cheaper make, it will probably also make the down payment on a fine, big, new Pontiac Straight Eight. Your monthly payments, in any case, will be but a few dollars more. Why wait? See and drive the big, new Pontiac today. Get a Straight Eight for your money!

## Woman's Union Enjoys Meeting

The regular meeting of the Woman's Union of the First Baptist Church was held Monday afternoon in the chapel. The program consisted of a song by Mrs. Eva Mellen, and an interesting talk by Simeon Bankole Wright, of Freetown, British W. Africa.

This young man is a student at Newton-Andover Theological school, where he is preparing himself for Y. M. C. A. work in his native land.

Women who have recently become members of the church were special guests of the day. Tea was served in the ladies' parlor by a committee from the Bartlett ave. Group: Mrs. Arthur Stevens, chairman, Mrs. Arthur Landers, Mrs. Herbert Munroe, Mrs. Harry Smith and Mrs. Marcus Sorensen.

## Boy Scout Drive

Boy Scouting in Arlington must carry on, and to accomplish this money must be raised to maintain the fifteen-year old Schem Council. Our associates in the neighboring towns are doing their full share. Can Arlington fall down? The Campaign for funds will start Monday, Jan. 15. Do not fail to respond to the appeal.

## Highlights of Games In Amateur Basketball League To Date

By BOB FOREST

That was what you might call a real blood battle between the Pals and the Fabs Seniors Monday night. There was real blood spilled. It was only accidental but there were two bloody noses.

Simmons and Big Boy Quinn felt pugilistic but our very prompt and efficient referees soon put a stop to their boyish antics. Simmons was ejected from the game and Quinn followed him very shortly.

Which brings up the matter of referees. They have been very good, but we might suggest a slight change occasionally. There are two referees. Why not have a different one every set of games. Bill Lowder has been unanimously received with approval. Allow Bill to stay every game but change that other "ref" occasionally.

Strict calling of fouls and penalties administered immediately have had a decided effect on the League. The games can almost be seen improving with each successive night, and the boys are fast learning what they can and what they can't get away with.

Henry Hornell, our most popular football coach was helping the other night, and was received quite kindly by the applause we heard when he walked on the floor.

The crowd continues to flock to the games and seems to appreciate basketball from the remarks we hear from the galleries. The Senior games keep them on edge more, but they get quite a kick out of some of the Junior games, which often have a number of humorous angles.

The next games are Monday, Jan. 15.

### FAB SENIORS

	Gls.	Fts.	Pts.
St. John	1	0	2
Clarke	1	0	2
Onderson	0	0	0
Simmons	3	2	8
T. Phinney	2	0	4
Alexie	1	1	3
Blackman	5	0	10
Totals	13	5	31

A Senior Division game that was red hot all the way through and had the fans on edge. A short encounter between Simmons and Big Boy Quinn enlivened matters considerably. The game was, right up to the end, very close. The Pals took a lead with about three minutes to play when O'Connor sank a basket, but Phinney who had taken Simmons' place sank two and it was all the Fabs, game from then on and they kept a comfortable margin until the game ended. Blackman was the big star for the winners with his accurate shooting. It was a real game and an encounter between these two teams in the future will be something to look forward to.

### PIRATES

	Gls.	Fts.	Pts.
Graci	2	1	5
Forest	5	2	12
Igo	0	3	3

Bluestein	2	1	5
O'Hara	0	0	0
Miller	0	1	1
McNally	0	1	1
Gerinais	0	0	0
Totals	7	8	22

The A. A. took an early two-basket lead but the Pirates substituted a big six foot three, center by the name of Hart who changed the complexion of the game enough to allow Forest and Graci to score just enough points to win. The Pirates almost lost the game in the last minute of play when they pulled all their regulars and the A. A. climbed within one point as the game ended. Hart was the star of the game with his jumping and passing. He put the Pirates into the running for league championship.

### LEAGUE STANDING Junior Teams

Pals	0	2

### GAMES NEXT WEEK

With two good games on tap for Monday night a large crowd is expected at the Junior High East. The best game will be in the Junior Division when the League leading Skeletons, are in danger of losing it to the Cardinals who have been clicking in fine shape.

The Pals against the East in the Senior division will be a red-hot game with both fighting for a victory to get out of the cellar which they are at present both tied for.

The schedule for next week: Monday, Jan. 15 Cardinals vs. Skeletons. Gounaris vs. Junior A. A. Pals vs. East Side Club. Wednesday will see three more good games. The games were scheduled to be played the night after but due to a large number who are going to attend the banquet given at Lane they were set ahead.

Wednesday, Jan. 17 Fab Juniors vs. Bears. Pirates vs. Ramblers. Pals vs. Senior A. A.

### Roosevelt Feels Confident About '34

"We enter upon the new year with a realization that we have crossed the threshold of a new era," said President Roosevelt in a letter to Mrs. Grace Morrison Poole, president of the General Federation of Women's Clubs. "We have the opportunity of improving conditions and making our country a better home materially and spiritually for more than 120,000,000 people. To do this will require the concerted and continued efforts of many forces—of Government, Federal, State, and local; of social, spiritual, industrial, and financial agencies. I ask that we, men and women of the present and the new generations, continue to work together. With united effort we can attain strength and force necessary to cure existing ills and give us a new national health and prosperity."

### THIS WEEK'S GAMES

#### CARDINALS

	Gls.	Fts.	Pts.
Keefe	3	3	9
Lionetta	8	5	21
Teehan	7	0	14
McCarthy	0	0	0

Marriage intentions were filed at the office of Town Clerk E. Caroline Pierce yesterday. Cyrus W. Durgin, of 45 Grove St., Boston and Edna M. Kelley, of 8 Lakeview ave., Arlington. "The Right to Romance." It is

a story of a lady beauty doctor who could change women's faces from old to new, but could not change men's loves from new to old. The lovely star of "When Ladies Meet" and "Double Happiness" has the finest and most human role of her career in "The Right to Romance." Featured in the film with Miss Harding are Robert Young and Nils Asther.

The companion picture is a hilarious comedy introducing Jack Pearl, famous "Baron Munchausen" of the radio, and presenting again for your delight, Jimmy Durante, Zasu Pitts, Ted Healey and his "stooges" and Edna May Oliver. "Meet the Baron," a delightful comedy with music in a story dealing with the sanguinary adventures of "The Baron" and Durante in a girls' college. Miss Pitts is the head chambermaid, and she and the baron fall in love while Jimmy proceeds to vamp the college dean, played by Edna May Oliver. Ted Healey and his "stooges" are in charge of the campus.

### Insurance Assures Happy Retirement

Though in the prime of life and youth, red-blooded, filled with the joy and zest of living, a man still contains in his frame the process of nature that some day will bring him to old age and feebleness, or to sickness and inability to work. So how- ever healthy he may be, if sagacious he will prepare for the time when the blood flows less quickly in his less resilient arteries. Understanding that accidents may fall as unpredictably as lightning on the most protected, he further takes precautions that he will not be brought to grief by mishap.

Many prepare for old age, sickness and accidents by putting aside heavy sums only to find that conditions force them to borrow on the total or the value of their investments through no fault of their own shrink to a point where they will no longer support.

For the benefit of these far-sighted, prudent persons, insurance companies have created policies and plans making it possible, for the small saving of five cents a day, to insure against misfortune by a method that has been tried and not found wanting.

## Formal Jan. 20 Grand Ballroom Copley-Plaza

With its mid-season formal scheduled for Saturday evening, Jan. 20th, many members and guests of The Saturday Evening club of Boston will assemble in the Grand Ballroom of the Copley-Plaza for the sixth affair of this well-known club's dance season. A popular band of the air, new to club devotees, will be heard for the first time at a club dance and indications point to the most successful of mid-season functions.

Included on the committee in charge are: Helen Ambrose, Edward A. Cronin, Henry Gaffney, Alice Harvey, Gerard Hayes, Donald Hewins, Ernest Lay, G. Stanley Lowden, Roger Lutz, Charles Martin, Olive Miller, Willa Ross, Wayne Schell, Wallace Stearns, Edward Stevens, Helen Tobin, Frank Dunn, Frank Grant, Margaret Tague, Harold Taylor and Gordon Simons.

### Changes In Town Meeting Members' Residences Checked

The Chairmen of the Town meeting members in the fourteen precincts have been notified by Town Clerk E. Caroline Pierce to inform her whether or not any town meeting members have moved from one precinct to another during the past year. It is especially urged that these chairmen notify Miss Pierce as soon as possible as to any vacancies in their precincts.

### NRA To Check Up Cleaners' Prices

The National Recovery Administration has announced the creation of a price-setting board "to maintain a constant check on the operation and effect" of the schedules for cleaners and dyers. These reduced by 20 per cent those fixed by the industry November 22 for a 30-day trial period. At public hearings subsequently held a minority petitioned the code authority of the industry for a price differential for so-called "cash and carry" cleaners. The price-setting board will be authorized to hold public hearings in any locality on petition of 50 per cent of the cleaners of the community to determine and recommend necessary modifications of price schedules or other code provisions to the Code Authority and the Administrator of NRA. National Compliance Director William H. Davis said in a public statement: "The plan has all the elements of fairness and flexibility necessary to give the industry full opportunity to work itself out of its difficulties."

was that those who were to attend were limited to members of the school.  
Everyone is glad to have Miss Blevins back again.  
Work on the Dramatic Club public play "The Merchant of Venice" has started in full swing. This tremendous undertaking will surely be an overwhelming success.  
Unless enough Year Book Pledges are in by Monday the whole idea will fall through. The Senior spirit is certainly lacking this year.  
Pictures will be taken for the Year Book by Purdy, but only after school hours. No hooking on this account allowed.  
A glance at the sports news tells us that:  
There is good news for basketball fans. All student tickets will be 15 cents throughout the season.  
Tickets for school hockey games can be secured as late as Saturday mornings in the school office.  
Boy's basketball line up meet Medford at home today.  
Girl's basketball team play Cambridge at Cambridge today.  
Our indoor track team meets Brookline today at the school.  
The Arlington hockey boys play Cambridge at the Boston Garden tomorrow.

**Searchlight Club Meets**  
The Searchlight Club enjoyed an open meeting in the Robbins Library hall yesterday afternoon. Mrs. Curtis Waterman introduced the guest speaker, James H. Powers, foreign editor of the Boston Globe who spoke on the subject of "Policies in the Pacific."

He spoke at length on the troubles that have arisen among western and oriental nations. He showed that economic pressure, greed and avarice have been the cause of wars since the days of Hannibal. He rapped munition racketeers who, during depression, pile up 4 to 32 per cent dividends at the sacrifice of human life. Asked how these racketeers could be wiped out, he said that clubs and clubmembers could demand their congressmen to introduce the Embargo Bill on munitions to prevent shipment of munition to nations engaged in active warfare.  
The speaker was warmly applauded following a most interesting talk.

Little Nancy Heeger of 9 Willow, pl. has just returned to school after having been confined to her home for several days with the gripe.

**BOOSTS LOREN W. MARSH FOR ELECTION IN MARCH**

To the Editor of the Arlington Daily News:  
In a previous letter to your paper, I attempted, perhaps at length, to elaborate upon the qualifications surrounding one of the candidates for office in the coming Town election.  
I also attempted to stress the importance of casting all other considerations aside for the moment, in order that a representative vote may be recorded.  
Arlington asks this favor of her citizens and hopes that they will acquiesce in granting it.  
Of three of the major offices to be filled, it is toward the filling of a second one that this letter is directed.  
This office is one of the greatest responsibility.  
Second only to the School Department in the matter of the disbursements of the funds of the Town, it is of the greatest importance that those disbursements shall be presided over by men who are endowed with honesty, together with the intention and ability, to prevent the stream of expenditures, where large amounts of money are involved, from flowing through those channels, through which so often flows unnecessary waste, and direct it through those channels whence comes the fruition of value received, by the most carefully considered and economically applied business methods.  
Now there is a citizen mentioned for this office in whom the citizens may be justified in looking for the very type of character which the duties of this office prescribe, for he has already proved by a former tenure of the office that he possesses it.  
His knowledge of the requirements of the office were acquired in earlier days, those days when his associates were men who, although their time was directed toward their private business pursuits, yet because of their intense interest in the well being of the Town, gave unstintingly and unselfishly of that time usually allotted to one for the enjoyment of home comforts and pleasure, in order that the Town might not only maintain its former high standards, but to provide adequate adjustments and improvements, through the culminating of which, these standards might expand proportionately as befitted a fast growing community.  
That the Town is enjoying the

results of such service is decidedly evident.  
Thus his schooling in the office was of the soundest and most practical kind.  
His service in this office, which, by the way, is connected with the Board of Public Works, extended over a period of six years.  
Incidentally, I might mention the fact, that he served with credit on the Finance Committee for a period of four years, thus distributing his labors in the service of the Town over a combined period of ten years.  
Since his retirement from these offices his interest in the affairs of the Town has not waned and he now stands ready, with the approval of the citizens, to again assume the duties of office and give the Town the benefit of his past experience.  
From the fact that he has not been identified with the offices of the Town in recent years, perhaps to some citizen, he may not be quite as well known as some of the other candidates, but to those who can recall the character and activities of his former associates, and the esteem in which they were held, he is known, and these citizens will one and all agree that Loren W. Marsh is in every way fitted for the office, and entitled to your vote for membership on the board of Public Works.  
Lewis E. Stickney  
38 Appleton St., Arlington Heights

**With The Kiwanians**

The Arlington Kiwanis Club got off to a big start under the new officers yesterday, with President "Al" Cowie presiding, supported by "Jim" Keane, vice president.  
Our new sergeant-at-arms (collection department) strong-armed Ambrose Gott, with the able assistance of "Lou" Doctoroff, relieved some of the members of a little of their precious metal.  
Our new quartet—"Doc" Barstow, tenor; Parker Wood, bass; F. P. Hawkes, alto; Walter Chamberlain, soprano; accompanied by Ray Mauger, our enthusiastic and very energetic piano wrecker, rendered or tore apart "Drink to Me Only With Thine Eyes."

**Defective Wiring Not Cause of Fire Says Wire Inspector**

The blaze which resulted in heavy damage to the Hick's mansion, at 128 Pleasant st., last Wednesday night was not caused by defective wiring and did not start in the laundry, according to William Mason, wire inspector.  
It was at first believed and reported in newspapers that defective wiring caused the fire. According to Mr. Mason the fire started in one of the chambers.  
Miss Grace Pierce, supervisor of music in the Arlington schools asks for the support of the Club in the forthcoming musicale to be held in the Town Hall next Sunday by the Arlington Community Symphony Orchestra.

**Boy Scout Drive Starts Monday**

The annual drive for funds to carry on the Boy Scout movement in Arlington will start next Monday, January 15, when more than 175 men interested in keeping Scouting alive in this district will cover the town soliciting aid.  
This drive in Arlington is a part of the council drive now being made in all the eight towns and cities under the jurisdiction of the Sachem Council. Several of the other towns have already completed their drives with excellent results.  
Seven Districts  
The town has been divided into seven districts. Each district is in charge of a District Leader with 4 or 5 teams under him, each team consisting of a Captain and 5 or 6 workers.  
The drive will be run on the intensive plan, all soliciting being done and the drive completed in five days.  
Monday evening at 6 o'clock all the members of the drive will have supper at Wyman's, listen to last minute instructions from Kenneth Morse, Chairman of the Sachem Council Finance Committee and Russell P. Wise, Chairman of the Arlington Finance Committee. Bancroft Beatley, President of Simmons College and a member of the Sachem Council Executive Board, will give a short "pep talk," after which the teams will be banded the cards of people they are to call on and will at once start their visits.

**Men in Drive**  
These men make up the organization which will put on the drive:—Chairman, Russell P. Wise; Vice-Chairman, George B. C. Rugg; Leader of District 1, (Precincts 1, 2, 3, 4), William A. Burwell, Captains, A. L. Atkins, A. C. Woodward; Leader of District 2, (Precincts 5, 7), Harold A. Publicover, Captains, Henry Welsh, David Wade; Leader of District 3 (Precinct 6), John O. Matthews, Captains, Mortimer H. Wells, John McCormick, David Wilcox; Leader of District 4, (Precincts 2, 8), Herman Gammons, Captains, A. W. Plaine, Ralph M. Simonds; Leader of District 5, (Precincts 11, 13), Chester R. Whitman, Captain, Leroy G. Shaw; Leader of District 6, (Precinct 9), John S. Crosby, Captains, Richard French, Ernest Hesselstine, Jr., Fred Miller; Leader of District 7, (Precincts 12, 14), J. Howard Hayes, Captains, George W. Greenlaw, Warren A. Bean, W. C. Adams.

**Dedicate New Gym Tonight**  
Coach Bill Lowder's Arlington High basketball quintet dedicates the High School basketball gym tonight when it tackles a strong Medford outfit.  
Arlington have lost one game to Chelsea, and won one over Everett so that they go into the game looking for their second straight. Clarke the star of the game at Everett will be at a forward post. Shields will be at guard. He also was a big noise in that game. Siders and Jones will alternate at center, with Madden, Adams and Lowder alternating on the guards and forwards.  
This will be the first time an Arlington High team has ever played a home game outside of the bandbox gym which it had to put up with so long. The kindness of the School Committee in allowing the High School to play in the Hall is greeted with thanksgiving by all. A specially built basket that is only temporary, requiring but minutes to take down, yet as sturdy as one built into the wall will be one of the features to notice in the Hall. The windows all have shields over them which can be removed on a moment's notice. The ceiling is about 75 feet above the floor so that there is little danger of the players hitting it as happened oftentimes in the old hall. The floor is a little larger than the regular distance and will give the players ample playing space. Seats have been installed all around the hall and everyone will have a place to sit down.

**Trinity Athletic Club Has Social**  
The Trinity Athletic Club held a very successful social evening Thursday evening at Wyman's English Tavern. Dancing and games were enjoyed by all. It is hoped to make these social evenings one of the club's regular activities.  
Next Sunday at 12 noon Dr. Adanian will speak about the Creation of Man. He will consider it from both the medical and religious sides. A large group is expected to hear him.

**SPORT TOPICS**

By BOB FOREST  
The Arlington High basketball team didn't fare too well against a top notch Chelsea outfit. The Arlington team needs a lot of work but didn't look too bad.  
Their passing was good and they outgott Chelsea for every point, but Chelsea was too well drilled and was by far the bigger team. Their smallest man was as tall as the biggest Red and Gray men. Four of their men were real tall.  
The only thing that was really bad on the Arlington team was the shooting which is only developed by practice and persistence and is a fault that can be easily remedied.  
Coach Bill Lowder is to be complimented on the showing his team made in the short time he had to work with a number of green men. He had only two veterans of last year, Clarke and Adams and both are guards.  
Another point was the fact that the Arlington offense was all shot by the loss of its center, Siders who sprained his ankle two days before the game necessitating the placing of Jones in the center position who played a great game and might earn himself a steady job by his good playing in that game.  
The defense on the hockey team seemed to be somewhat improved Saturday. They weren't out every play except one when Callahan scored but we don't think that it was altogether the defense's fault. He scooped the puck away from a wing and the defense thought the wing had the man covered.  
Joie Lax looks the least flashy man on the ice, but he is in there plugging hard every minute and really working. His speed on skates is very deceptive and he is always passing, a wonder key man on a line.  
Arlington plays Cambridge Latin tomorrow afternoon in what promises to be the best game of the season. Latin is leading the league and has given every promise of having enough stuff to win the league championship. If Arlington wins tomorrow it can pretty nearly call the championship its own.

The defense on the hockey team seemed to be somewhat improved Saturday. They weren't out every play except one when Callahan scored but we don't think that it was altogether the defense's fault. He scooped the puck away from a wing and the defense thought the wing had the man covered.  
Joie Lax looks the least flashy man on the ice, but he is in there plugging hard every minute and really working. His speed on skates is very deceptive and he is always passing, a wonder key man on a line.

**CHARGES CITIZEN'S COMMITTEE WITH WHISPER CAMPAIGN**

Charges that the Citizens' welfare department due to your constant slashing of appropriations. The year of 1932 our welfare department cost annual \$113,000 with 226 cases, but due to your further slashing of appropriations and strict economy program which I emphatically disagree with you.  
"Let's take the records of 1933 of our welfare department. There is an increase twice the amount of 1932 amounting to \$226,000 annual for the year 1933 with an increase of 185 additional families who could not get work on the public works department due to your constant slashing and the results were they were driven to seek welfare. Is this your strict economy program? Then I condemn it again. Do you know Mr. Davis that it cost the Town of Arlington twice as much to keep a family on welfare? Do you know Mr. Davis that this increase alone means \$18 on every tax statement? Did you think of the taxpayers? No of course you did not. Who are the citizens committee that they should tell the citizens of Arlington who to vote for?"  
"To select a man who has driven our welfare cost over a quarter of a million dollars annual when there is so much to be done on road work that the Town of Arlington would benefit by with welfare labor. I would like to recall to Mr. Davis' attention the appropriation of \$42,000 for five streets in East Arlington. Welfare labor was used Mr. Davis and the results was a saving of \$6,000.  
"Is it not bad enough to have three Republicans from the Town of Arlington to represent us that have voted against every bill that concerns the working men and women? We elected to use wisdom but how they have failed! I would like to ask our State Representative how many men they have given work to or the hand of fellowship to. 'None,' is the answer. I do not say we elected them to be employment managers but I do say this that they could exert themselves more than they do to help our unemployed in Arlington regardless who the person may be Democrat or Republican. When they intend to sit back and refuse to move, then they deserve a defeat at our State election. As the campaign progresses I will disclose what these men have voted on as well as my opponent Mr. Davis.

Because of limited space many items of society news were omitted in this issue. They will appear in tomorrow's NEWS.  
"This procedure now being waged against my candidacy is like a smoke screen, to hide their weakness in their selection this year as a selectman Mr. Davis. The plain and inescapable fact is that all tricks and artifices of scheming politics are now being used to elect Mr. Davis, who it appears would be the 'Catspaw' of the tricky politicians, behind the scenes, and who would be answerable to a little clique of lobbyists and plunderers who want the Town of Arlington insurance and to run this town as well."  
"Now Mr. Davis you stated on December 5, 1933, the progress you as chairman of the finance committee have made. Let's go over the records Mr. Davis. You stated that two years ago the public works department appropriation was \$750,000 annual. The year of 1933 we got along with \$354,000 annual, a savings of \$396,000 and you were very much pleased with the results. Now I hope precincts 6 and 8 are open for constructive criticism for the benefit of the Town of Arlington I would like to call your attention Mr. Davis to the extraordinary increase in our

Like Smoke Screen

**ABLE CAST TO APPEAR IN HIGH SCHOOL PLAY**

Shakespeare's "The Merchant of Venice" has been selected by the dramatic Club of the Arlington High school for the public play to be presented at the Robbins Memorial Town hall, February, 9 at 8 o'clock in the evening.  
An exceptional cast has been picked as a result of the large membership of the Dramatic Club this year. Mrs. Matthews, head of the club, said she believes the players chosen are the best able to portray their particular characterization.  
The art department, under the direction of Mrs. Sears and Mrs. Ford, is offering its help in the planning and making the scenery. Simplicity in scenery is strived for, thus making it possible to have about two minutes for the shifting of each scene.  
Many plays have been written with similar versions of the story of the Jew who relentlessly demanded the pound of flesh owed him by the Christian debtor, and in the end sent away empty and dejected, but Shakespeare's immortal "The Merchant of Venice" is the only one to have lived through the years.  
Emery Battis, the outstanding dramatic actor of the school and star of last year's presentation of "Grumpy," will portray Shylock, the villainous money-lender.  
Lorraine Miller, chosen to portray Portia, promises to be a charming lady, a fascinating heiress, and a dignified, forceful young lawyer. Other members of the cast likewise are very promising to the play.  
News of the Arlington Girl Scout activities will appear in tomorrow's Daily News on sale at all news-stands.
